\* The portfolio turnover data has been calculated by the Administrative Agent (see note 14).

The ongoing charges figure corresponds to the ongoing charges figure as mentioned in the latest available Key Investor Information Document ("KIID") as at the date of this report. Transaction costs are included in the purchase/sale price of the securities (if any). These costs, which are not treated as operating expenses, are not included in the calculation of the ongoing charges.

The ongoing charges and the portfolio turnover rate are calculated for the last twelve months.
